

EDI SIMČIČ

Kozana Single Cru Sauvignon 2019

Edi Simčič

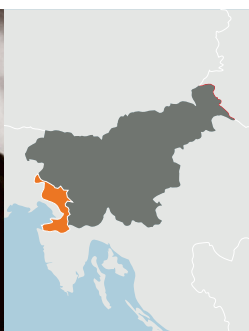

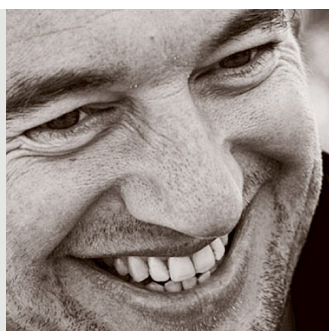

The 2019 Kozana Sauvignon was aged for 10 months in 25% new French oak and comes in at 14.8% alcohol. This is the first vintage of this single-vineyard Sauvignon from Kozana.

Well, I thought the Fojana Sauvignon in this report was a Big Boy. This goes one step further. It is more powerful and deeper. The ripe fruit pretty much eliminates any

Sauvignon green. That does not necessarily mean it is better. There are pros and cons. I very much appreciated the power here, the gripping finish...The Fojana is a safer and better balanced bet, but this has a higher upside...
